On July 10 at 3:00 P.M., I talked to from Gainesville, FL. She indicated that Mr. Hiller had sexually abused her son and his own step-son Both boys were approximately 10 years old when the sexual abuse started occurring, and it lasted for approximately 2 years until Florida where she now lives in Gainesville.

The abuse apparently took place place both at Cub Scout meetings and activities as well as other times, since the two families were neighbors. As s son knows they were the only two boysinvolved at that time.

son who is now 24 years old has an emotional age of approximately a 14 year old and has been in therapy since last fall when this first came to surface. Over all the years it was known that her son had problems, but it was not known why these problems existed until October 1988 when he admitted to a therapist that there were some problems of sexual abuse in his childhood.

showed pornography magazines and materials to the boys as well as sexually molesting them. According to the information, there was no oral sex.

I will pursue this further with the Scout Executive of the Fairfield County Council, so that we can establish a file to make certain that this does not occur in the future with any Scouts.

Dear Bob:

I appreciate the information you have sent concerning the above named individual. This has been most helpful to us and we feel that a Contidential File should be established, so that Mr. Hiller cannot become registered in the future with the Boy Scouts of America.

I did talk by phone with a second and she indicated that sexual abuse went on for quite some time until they left the area and moved to Florida. Apparently the sexual abuse occurred at both Cub Scout meetings and other activities. This apparently was also possible at other times, since the two families were neighbors.

indicated that her son now is at an emotional age of approximately fourteen and has been in therapy since last fall when this first came to light through communication with the therapist. For many years their son had problems, but no one knew why these problems existed until this time.

Please complete the enclosed Confidential Record Sheet with as much information as you have available, so that we can identify Mr. Hiller should he attempt registration at another time and location. Dear

I am the Director of Registration for the Boy Scouts of America in Irving, TX. I recently received information from our Boy Scout council located in Norwalk, CT. I understand that your son was sexually molested by his scout leader.

If you would be willing to give me a statement, this would be very helpful in making certain that we can refuse registration in the future, in case Hr. Hiller tries to register. Anything you could do for me would be much appreciated.

If you feel that you do not wish to put information in writing, we would be most happy to talk to you by phone.

Thanks for your help.
